There has been interest in going back to Moruya for a weekend. 5 planes went on the last day trip for Australia Day (Jan07), including 158.

So book early for a club plane.

Reply to this forum if you are interested in participating and suggest a preferable weekend.

Currently planning the weekend of 12/13 May. Let me know if that is bad for you.

Currently only the following people are going:

- Peter

- Joe

Not many people will be able to make the event and it's getting colder.

We will postpone until later in the year when it is warm again.
